

## **B-ENTREPRENEUR PROJECT STARTS ITS ACTIVITY**

In this moment of economic crisis in Europe becomes urgent to find a suitable method to address this problem. The EC has repeatedly shown how the solution is to encourage the entrepreneurial spirit and the real possibility of starting a business. Investing in entrepreneurship education is therefore one of the greatest investment that Europe can do.

Numerous individual Lifelong Learning Programme Projects have been developed during the 2007-2013 programming period in the field of entrepreneurship. **B-Entrepreneur**, this is the name of the project carried out by 8 partners in 7 European countries (Spain, Romania, Ireland, Austria, Italy, Czech Republic, Finland), aims to identify and evaluate 300 best practices within this programme about entrepreneurship in 27 member states, disseminating these results so to foster good entrepreneurship.

The Best Practices will be evaluated and categorized under three main themes:

- Entrepreneurship in disadvantaged groups: immigrants, disabilities, women, youth, unemployed, recently graduated, etc.
- Best practices in training methodologies in entrepreneurship.
- Best practices in accompanying measures, such as coaching, mentoring, volunteering, counseling, advising etc.

For the whole duration of the project, an updated interactive online library will be made available, so as to achieve the objectives of disseminating the good practices.

The biennial Project "*B-Entrepreneur: BEST PRACTICES IN ENTREPRENEURSHIP AT EU LEVEL*" (reference "B-ENTRE 543064-LLP-1-2013-1-ES-KA4-KA4MP") is funded by the Lifelong Learning Programme – 2013, Key Activity 4, Multilateral Projects, and will end in December 2015.
